EXPERTISE

- Construction contracts
- Law of architects and engineers
- Legal management for large-scale projects JurProM®
- Mediation/alternative dispute resolution

Jochen advises and represents principals and contractors on all issues surrounding contract drafting, contract management and the in-court and out-of-court enforcement and defence of claims. A key practice area is the provision of integrated legal and construction management advice on complex supplementary and disruption issues in close cooperation with the client's other internal and external construction advisors.
